

TECHNOLAVA 2012 COURSE CALENDAR VIRTUAL CLASSROOM

Blended Virtual Courses (eLearning + Instructor Led in a Virtual Classroom)

Blended Courses

Our most popular delivery method with clients. Creating an optimal mix of online learning and virtual workshops, this format provides participants with the most convenient, effective and economical option to reach their goals.

Blended Virtual courses offer the best of both worlds. Thinking beyond the traditional classroom 'box', blended courses deliver the 'theory' component of the course via self-paced eLearning that can be completed at your own time and pace, while the 'application' is delivered virtually via a live instructor.

All courses are subject to enrollment minimums to run and date may change.

Course Titles	Duration	Scheduled Dates	Student Price
Weekend Warrior Expert Program Capability Track	Classroom 12 days = eLearning 50 hours (RCV, SOA, OSA, PPO & MALC)	February 23 to May 24	\$8,500

Managing Across the Lifecycle	Classroom 2.0 days + e-learning 8 hours	March 22-23 May 23-24 June 28-29	\$2,900

Instructor Led - Virtual Classroom

The virtual classroom environment is similar to a traditional physical classroom with virtual break-out rooms and video conferencing options providing for a truly engaging and interactive course experience. Benefits: travel-free, cost effective and efficient; plus engagement with a LIVE instructor and fellow colleagues via virtual capability.
